

WILL OF MRS. FEAKIN

Left a Large Estate in Wyoming Township.

SHE PROVIDES FOR A CHURCH

The Balance of the Estate Will Go to Her Relatives—Other Court Notes.

The will of Mrs. Emily Feakin of Wyoming township was filed for probate yesterday. She left an estate worth \$80,000, \$20,000 being in real estate and \$30,000 in personal property. After providing for the payment of all her debts, she provided that the executors of the will should place at interest \$200, the interest on which shall be used in keeping her grave in Valley City cemetery in proper condition. She provides that if the Methodist Episcopal church will erect a building to be named the Feakin Memorial Church, a lot sixty-six feet wide and 150 deep shall be deeded from her estate on which to build the church. One-half of the balance of her estate is to be divided equally between her two sisters, Mrs. Adelia M. Young and Julia A. Baxter. The balance of the estate is to go share and share alike to the children of her husband's brothers and sisters. Mrs. Young and Miss Baxter, with William Brightwell, are named as executors of the will.

SOLDIERS' HOME MATTERS.

Guardianships Will Be Investigated By the Officials.

There were 488 inmates in the Soldiers' home last night, 100 more than there were a year ago. Commandant Graves and Adjutant Long are carefully scrutinizing all guardianship cases. In some instances guardians have been appointed for inmates who have families living. There is a suspicion on the part of the officers that some of these guardianship cases are not so straight as they might be, and that the families of the veterans would be as likely to receive their share of the pension money if it did not pass through the hands of three or four other persons.

The work of clearing the woods south of the woman's annex will begin tomorrow. The land is a swamp and efforts to drain it have been unsuccessful on account of the flat surface. The doctors have decided that the swamp is a menace to the health of the inmates, and should be cleared away. The prevailing wind is southwest and the material vapors are daily wafted through the home. When the thick growth of timber is removed it is believed the sun will dry up the swamp, and that the families of the inmates of the home will be improved accordingly.

Disturbed a Meeting.
Archie Ross implicated with Henry Patterson and Chauncey Patterson in disturbing a grange meeting in Caldonia, pleaded guilty before Justice Westfall yesterday. Justice Lind of Caledonia was present and made a statement of the facts, showing that young Ross was not a very bad boy. He was with a crowd of boys, and more for mischief than anything else raised the disturbance. Justice Westfall fined him \$2 and costs, which was paid.

Suit for Hotel Furniture.
The National City bank has sued N. C. Johnston and Guy A. Johnston on a note of \$1,250 given in payment for a lot of furniture which was sold by the Phoenix Furniture company to N. C. Johnston to be placed in his hotel in Piqua, Ohio. The trial of the case was in progress before Judge Adair yesterday.

Minor Court Notes.

Testimony was taken before Commissioner Comstock in the celebrated Comstock v. V. L. Baker case. Since the motion to have a receiver appointed the plaintiff wishes to have the bakery sold out and the hearing yesterday was to determine whether this should be done or not.

Mr. Conkey claims Frank L. Carpenter owes him \$3.00 for treating a sick horse. Mr. Carpenter denies this, and so they went to court yesterday for the third trial of their differences. The trial was before a jury of justice court.

Thomas Hoffmann asked permission of the probate court, yesterday, to sell a lot of lumber materials belonging to the Jacker Bros., since Mr. Hoffmann is administrator.

George N. Wagner filed a petition in probate court yesterday asking to be appointed guardian of his four children, who accepted \$5,000 from their mother's estate.

W. E. Chambers of Alpine asked to be appointed administrator of the estate of his brother, Elmer T. Chambers, who left an estate of \$5,000.

Thomas McCarthy, a boy 14 years old, will be examined in probate court Monday for the purpose of admitting him to the asylum.

Printing Committee—Mrs. Edwin F. Uni, C. W. William Worcester.

The committee will begin work immediately, and the program for the concert will be arranged in a few days.

PURSE RACES NOT IN IT.

The Driving Club Will Put Its Faith to Stakes.

Secretary R. E. Martin of the Driving club is busily at work on a program for the Purse Races, and a meeting of the directors to consider it will probably be held Saturday night. It is probable that the club will follow the example of Cleveland and other large cities, and give only a four days' meeting, with four races each day. In case of bad weather this permits the unfinished races and those that have gone over to be trotted Saturday. So far as possible purse races will be eliminated from the program. A few must necessarily be given; but the stake races will be made a feature. They fill better and are more profitable to the club. This last season the club lost money on the purse, but received enough from the entry fees in the stake races to pay the prizes.

There is no Fair Licks Tooth-ache!

It "teats the dogs" for making a fellow-sufferer. Noddy puts you, "Get it out," says one; "rub the tooth against a stone," says another; "when it begins to swell then it won't hurt so much," says a third. The reason of the ache is you don't use SOZODONT, and prevent your teeth from decay.
